

Thriving Through Change

Innovative solutions and accelerated results.

Change is a constant. And in fact, it's accelerating to the point where organizations must go on the offensive to stay on top of change and...thrive. Where you can use change as a competitive advantage, and an opportunity to improve your workplace and set yourselves up for an even better future.

That's where Prosci's innovative approach to change management comes in. As the global leader in change management solutions and with the world's largest body of knowledge in the change management discipline, we equip you with the tools and resources you need for change. So you can manage change wisely, cultivate a change-ready culture, and see your investments in change projects pay off.

Innovative Solutions

We've been conducting change management research for 25 years. Whether you're becoming certified through training or partnering with a Prosci Change Advisor on a must-win initiative, you're tapping into the latest insights and best practices of change leaders from around the globe. The result is research-informed, innovative solutions that help your employees embrace change:

-  **Change management training** – to help individuals excel in their change management roles and organizations build enterprise change capabilities
-  **Customized Advisory Services** – to develop practitioner skillsets, accelerate project results, and build organizational change capability
-  **Flexible Licenses** – with unlimited access to our tools and methodologies so you can build capabilities at the individual and organizational levels
-  **Anywhere, anytime eLearning** – online modules that help your team adapt to complex organizational change

“

Prosci has really helped enable us on an individual level, but also as an organization, to take our change management to the next level.

Jen Raab, Communications Director
North Dakota Office of
Management and Budget

Groundbreaking Tools and Resources

Prosci incorporates the user experience, extensive industry research, and customer feedback into developing and delivering the mechanisms that help you excel in change management. We offer our suite of advanced tools and resources through the Prosci Portal—a robust, user-friendly online platform that supports and empowers you throughout your change management journey. Some of our latest portal offerings include:

Best Practices in Change Management – 12th Edition

an electronic report of our 2023 benchmarking report, available in the portal's Research Hub

Portal Bundle – CM Deployment – a subscription-based collection of select change management tools and resources

New in 2021!

In response to practitioner feedback and changing customer needs, and with our sights on future change trends, we refreshed the **Prosci Methodology** in 2021. All of Prosci's programs and products now feature this enhanced, more actionable methodology.

“

Working our Adoption and Change Management program through the ADKAR Model gave us a higher degree of engagement... We were treating people differently.

Jean-Claude Monney
Microsoft

“

I've led learning and development, I facilitate trainings sometimes in my current role, and I took a lot away from how Prosci facilitated the virtual experience. It was the best online learning experience I've ever had.

Jason Stansel

Unforgettable Experiences

Creating memorable experiences for our clients is one of Prosci's core values. From programs featuring the latest virtual learning techniques to webinars delivered by leaders in the change management field, we keep the customer experience top of mind:

-  Engaging, interactive change management **training** – to educate, empower and inspire change management professionals
-  Thought-provoking **webinars** – that equip practitioners and change leaders with best practices and how-tos, live survey results, customer perspectives, and more
-  Enriching **Advisory Services** engagements – where Prosci experts partner with your team to advance individual and organizational capabilities and achieve desired project outcomes
