Prosci's Top 10 Takeaways for Agile + CM

TAKEAWAY	YOUR ACTION ITEMS:
1. Clarify lower case "a" agile and upper case "A" Agile	
2. Accept that you, change practitioner, must change too when applying CM in Agile	
3. Leverage the aligned values of Agile and change management	
4. Deepen relationship with the Agile team	
5. Match the pace and cadence of releases	
6. Prepare your "building blocks" for rapid deployment	
7. Focus on "material impact" by group and release	
8. Watch the backlog	
9. Make Agile accessible	
10. Manage the move TO Agile as a change
