Regional Cultural Considerations

## Perceptions of Change Management Within the Culture of Geographic Regions

**Prosci** 7

7

## Perception of Change Management Across Cultures

- Canada:**
  - CM accepted and understood
  - Emerging awareness
  - Viewed as training and communications
  - Varied perceptions even in organizations that use it
- North America**
- United States:**
  - Largest group of participants
  - Perception of having a positive impact
  - Challenge of being undervalued
  - Viewed as training and communications
- Europe:**
  - Emerging awareness
  - CM accepted and understood
  - Still challenges regarding perceptions that it is seen as insignificant
- Asia:**
  - CM not well understood outside of task-level training and communications
  - Awareness increasing
  - Challenges with autocratic management styles
- South America:**
  - Region does not yet possess broad awareness of CM
  - Challenges with funding or being viewed as 'fluffy' optional
- South America**
- Africa:**
  - Emerging awareness
  - Variance in perceptions & understanding of CM
  - CM perceived as optional or insignificant
- Australia**
- Australia and New Zealand:**
  - Emerging awareness
  - Viewed as training and communications
  - Perception of optional or insignificant
  - Applied inconsistently

## Cultural Dimensions and Change Management

### Cultural Dimensions with the Greatest Impact on Change Management

1. Assertiveness
2. Individualism versus Collectivism
3. Emotional Expressiveness
4. Performance Orientation
5. Power Distance
6. Uncertainty Avoidance

Adapted from:  
GLOBE (House, Hanges, Javidan, Dorfman & Gupta, 2004)  
Hofstede's Cultural Dimensions Theory (Hofstede, 1980)  
Trompenaar's Seven Dimensions of Culture (Trompenaar & Turner 1997)

12

12

## Dimension 1: Assertiveness

Describes the degree to which a person is able and expected to advocate his/her personal well being in relationship to others.

**What do you think?**

Communicate in indirect and subtle ways; face-saving expected and practiced.

Communicate in an unambiguous and blunt way, subordinates expected to take initiative in interactions with senior leaders.

**Prosci**

13

13

## Dimension 1: Assertiveness

Describes the degree to which a person is able and expected to advocate his/her personal well being in relationship to others.

Challenges:

Adaptations:

- ✓ Communications
- ✓ Resistance
- ✓ Feedback
- ✓ Sponsorship
- ✓ Approach

© Prosci. All Rights Reserved.

**Prosci**

14

14

## Dimension 2: Individualism/Collectivism

Describes the degree to which people function more as individuals or as a collective community.

**What do you think?**

Take initiative to ensure own needs are met and prioritize self over the organization.

Act in a way that benefits the organization; expect and trust the organization to meet your needs.

Prosci

15

15

## Dimension 2: Individualism/Collectivism

Describes the degree to which people function more as individuals or as a collective community.

Challenges:

Adaptations:

- ✓ Buy-in
- ✓ Teamwork and collaboration
- ✓ Communication
- ✓ Cross-functional work
- ✓ Decision making
- ✓ Feedback

© Prosci. All Rights Reserved.

Prosci

16

16

## Dimension 3: Emotional Expressiveness

Describes the degree to which people are allowed, expected and encouraged to display emotions and emotional states to others.

**What do you think?**

Expected to not show emotions; tightly controlled. Emotional displays are awkward and unnecessary.

Feel able and are encouraged to display emotional states without reservation. Not awkward or uncomfortable.

Prosci

18

18

## Dimension 4: Performance Orientation

Describes the degree to which a person is rewarded for and expected to be innovative; the level of performance and continuous improvement expected.

**What do you think?**

Organization, societal and family relationships are more important. Feedback is seen as judgmental, communication is subtle and indirect.

Training and personal development seen as necessary to improve performance. Feedback is necessary, communication is direct. Strive for improvements.

**Prosci**

20

20

## Dimension 5: Power Distance

Describes the degree to which power is distributed (equally vs unequally) with people at the bottom accepting their position.

**What do you think?**

Allow employees access to higher-level members with little to no formal rules or chain of command. All voices expect to be heard.

Formal and strictly defined rules for accessing high-level executives. Do not expect to be consulted on company-wide decisions.

**Prosci**

21

21

## Dimension 5: Power Distance

Describes the degree to which power is distributed (equally vs unequally) with people at the bottom accepting their position.

Challenges:

Adaptations:

- ✓ Communication
- ✓ Resistance management
- ✓ Productivity impacts
- ✓ Change management plans
- ✓ Buy-in
- ✓ Decision making

© Prosci. All Rights Reserved.

**Prosci**

22

22

## Dimension 6: Uncertainty Avoidance

Describes a culture's tolerance for ambiguity and uncertainty.

**What do you think?**

Low

Medium

High

1 2 3 4 5 6 7 8 9 10

Do not avoid unknown or unusual situations, feel comfortable in new situations; tolerant of change.

Try to minimize or avoid unusual or unknown circumstances; step-by-step planning, rule following and attention to detail precede change.
