

Change is a Constant. Change Success Is Not.

With unparalleled change expertise where and when you need it most, Prosci Advisors can help.

Role-Based Coaching

Challenge

1

Have your change practitioners finished their training, but aren't sure what to do next on their projects?

2

Is it time for your project managers to add change management skills to their toolbox?

3

Do your people leaders have the right skills and mindset to lead major changes in your organization?

Solution

One-on-one coaching can help. A seasoned Prosci Advisor will deliver personalized coaching to upskill the roles integral to your change success.

Project Support

Challenge

1

Are you struggling with how to move a high-value project forward?

2

Have you discovered that you don't have the necessary resources and skillsets for an important project?

3

Do you have terrific project and technical talent, but you realize you need help with the people side of the project—and how to engage with and support individuals so they adopt the change?

Solution

An expert Prosci Advisor is ready to collaborate with your project team. They will assess your project or project workload and devise a plan to help you achieve desired project outcomes.

Building Change Capabilities

Challenge

1

Is your organization experiencing change saturation, change disruption and change collision?

2

Do you envision your entire organization getting better at change, but you don't know how to make it happen?

3

Have you established change management as a strategic imperative for your organization, and now you're ready to dive in?

Solution

A Prosci Advisor will work closely with your team to develop change management strategies, define change management roles, and if needed, help you stand up a Change Management Office. And embed change management into the fabric of your organization.

Help Where You Need it Most

Change is necessary to continue to grow as an organization. Our Prosci Advisory Services team can help your change investments pay off, with expert support where you need it most—at the individual, project or enterprise level.
