Prosci Webinar Worksheet:
Catalyze Change Success Through Your Everyday Work

I want to build change capability, but…

_____

Some things I do on a day-to-day basis in my change work:

Capability Area	What am I already doing?	What's one thing in my span of control I can do?
Leadership _Is there strong, widespread leadership support for change management?_		
Application _Is change management being applied to projects and initiatives with rigor?_		
Competencies _Do people have the skills they need to play their role in change?_		
Standardization _Are there standard triggers, approaches, and roles for change management?_		
Socialization _Is change management something most of the organization understands, appreciates, and asks for?_
