

# Karen's Booklist

During our “Craft Your Change Management Career” webinar, a participant asked me, “What’s on your bookshelf?” What a great question! I’m delighted to share my personal booklist of titles that inform my understanding of change and approach to my work as a change professional.

My personal booklist is not inclusive and neither endorsed nor promoted by Prosci. It includes content from academia, project management, communications and storytelling, and design interests. These titles complement the vast library of Prosci change management resources I use in my practice, and which are available to you on [Prosci.com](http://Prosci.com). Enjoy!
